This world map illustrates the global distribution of COVID-19 cases as of March 2020. The map uses a light blue color for land and a darker blue for water. Countries are labeled with their names in black capital letters. The density of cases is represented by blue circles of varying sizes, with the largest circles concentrated in North America, Europe, and East Asia. The map includes labels for major bodies of water such as the Atlantic Ocean, Indian Ocean, and Arctic Ocean, as well as major cities and geographical features.
